Director GIORGI asked what the Farm Assist bill was; GM BRYAN advised it was for general spraying at the Reservoir and along the canals and drains. Secretary HALTERMAN stated the larger bill was for de-mossing chemicals and the smaller bill was for spraying.

Director GIORGI made a motion to approve the bills; Director ACCIARI offered a second. The vote was called for and passed.

C. Manager's Report

GM BRYAN stated there is a breakdown of the USGS gages in the packet. Topaz is currently at 58,340 acre-feet (97% capacity) and Bridgeport is currently at 37,730 acre-feet (89% capacity). GM BRYAN was able to give a reallocation in early June. The West was increased by 23% and the East was increased by 18%. The decree is falling out. There is a breakdown from California Nevada River Forecast Center on what they expect the flows to be over the next few months. GM BRYAN does anticipate a challenge later in the year to get water to takeouts without large losses and encourages users to call for their storage water early. The District well will not be running the rest of the year as the exchange cannot be made at the top.

The shop crew has completed spraying in both valleys and on the reservoirs. The crew is currently working on the river in the Wabuska Drain area. There is not a lot of money in the fund, but more cleaning and road maintenance is than is normal to prepare for the Greenlink and other projects in the area.

Over the last several weeks, GM BRYAN has been working with the larger proposed projects. Regulation 15 has been helping in the scheduling and cost offset.

GM BRYAN is working with Douglas County regarding the concession lease at Topaz. This will hopefully be brought back for approval soon.

GM BRYAN and Counsel DePAOLI have been communicating with KJ and his lawyer regarding the PSA on the Wabuska property.

The District has been involved with Lyon County and US Army Corps of Engineers on a flood inundation report in the Walker Basin. USACE has requested EAPs and other documents from the District to help with the project.

D. Legal Counsel's Report

Counsel FERGUSON stated he did not have anything to report.

E. Storage Water Transfers

Director GIORGI made a motion to approve the May transfers; Director ACCIARI offered a second. The vote was called for and passed.

Director GIORGI asked when the deadline was for the Reservoir-to-Reservoir transfers; GM BRYAN stated it was May 1st.

6. Update from the Division of Water Resources regarding groundwater pumping and upcoming fieldwork schedules.

Lauren BARTELS stated Smith Valley has pumped 5,100 acre-feet, Mason Valley has pumped 16,000 acre-feet, and East Walker has pumped 350 acre-feet. Lauren stated there are new staff working on the GIS web map tools and they are collecting feedback on what users would like to add. The pumping goals and pumping will be uploaded daily, and a tool will be added for previous year's information.

7. Update by the Walker Basin Conservancy on activities related to the Walker Basin Restoration Program, including Acquisitions and Conservation and Stewardship Activities.

Carlie HENNEMAN stated she did not have an update. Director GIORGI asked how much of the water was auctioned; Carlie stated they leased approximately 500 feet from each side. There may be another auction soon. Director GIORGI asked how much water was leased for; Carlie stated approximately \$55 per acre foot. Director GIORGI asked why the storage water transfer issue was not considered before water was purchased; Carlie stated that it was considered but it would require WRID to change the bylaws.

8. Hearing and discussion and possible approval of application No. 94 for permission to change the place of use of 10 acre-feet of water heretofore appropriated by Walker River Irrigation District for storage in Topaz Reservoir and presently apportioned to Lyon County Assessor Parcel No. 10-481-59 and presently diverted from the West Walker River into the Saroni Ditch at a point located within NW ¼ of NW ¼; Sec 15, T 10 N. R 23 E. The proposed new place of use for five (5) acre feet is Lyon County Assessor Parcel No. 010-481-51 and for five (5) acre feet is Lyon County Assessor Parcel No. 010-481-52. After release from Topaz Reservoir, water will continue to be diverted from the West Walker River through the Saroni Ditch.

GM BRYAN stated the Allman transfer was submitted several months ago and has gone through the required publication and protest timelines. This will be the permanent move of water from one of the Mr. Allman's properties, to another, currently unwater righted property. Director GIORGI asked if the ground was currently in production; GM BRYAN stated the owner is shaping the ground and moving water so it can be in production.

Director ACCIARI made a motion to approve the permanent transfer as stated in the agenda item; Director GIORGI offered a second. The vote was called for and passed.

Subject: Flag poles

Good morning, Bert,

Per my text, we would like to add three smaller flag poles directly behind the reader board on the corner, quite possibly even attach them to the back of the block structure itself. They would not encroach inside your fence.

See attached picture.

Please let me know if you are good with this?
