Re: Credit & Debit Card Payments

Good news!

The Walker River Irrigation District now accepts credit and debit card payments.

Payments for reserved assessments, services, and products can be taken in-person, via phone, or a payment link can be sent for online payments.

There is a 4.1% payment method fee that is added to all card transactions.

The approved fee schedule is enclosed to this notice. Reserved assessment amounts are included on the individual assessment bills that were mailed to each reserved water right holder.

*WRID cannot accept payment for assessments billed through the Lyon County tax roll.

WRID Fee Schedule

Printing/Copying
